

LAMP.

MARINE HARDWARE

by Sugatsune

No.345 catalogue

SUGATSUNE

Brand

Zwei L®

High precision polish, artfully sculpted shine.

Stainless steel surfaces polished to the smoothness of a mirror reflect their surroundings while the satin finish gently absorbs the colors, creating a playful harmony in diverse spaces whilst providing a stately radiance.

Marine...and more!

With over 20,000 products to choose from, Sugatsune can provide you with stainless steel components to ward off the harsh corrosion of sea water whilst still providing the highest quality hardware.

Whether it is being able to pivot and have constant torque, a hinge with a hole for rope attachment or any number of other industry specific concerns, our products are perfectly suited to marine environments. From Bow to stern, on deck and below; your customers and their guests will all notice the Sugatsune difference immediately!

Brand

LAMP®

High quality interior hardware.

‘Monozukuri’ is the Japanese passion for creation, in this spirit we have created a wide selection of internationally recognised products known for their quality, precision and imagination.

The “LAMP” logo is only used for products that ensure Sugatsune quality.
